MGOLDMUSIC IS THE ARTISTIC PROJECT OF MATAN GOLDSTEIN

A multi-instrumentalist from Israel who's now known as the hardest working drummer in Berlin. Whether he's playing percussion and drums with one of his many bands and projects, or producing for a variety of artists (and of course himself!), Matan's music takes you on a journey between continents, from the colours of the Middle East to African rhythm to the classical music of Central Europe. This combination creates one of a kind artist in the music industry.
